Amendment & Referendums

State Constitutional Amendment: Vote ✓ **NO**

Photographic identification for voting. Shall section 1m of article III of the constitution be created to require that voters present valid photographic identification verifying their identity in order to vote in any election, subject to exceptions which may be established by law?

The amendment aims to enshrine Wisconsin's strict voter ID law into our constitution. It's important to know that Wisconsin's current voter ID law will still be in place whether or not this amendment is passed, and that this is simply an attempt by the state legislature to bypass the authority which belongs to our executive and judicial branches. It's critical that you, your family, & your friends **VOTE NO** so we can guarantee that each branch of government continues to maintain a system of checks and balances. If you would like more information, we recommend you check out the Information & Toolkit put together by the League of Women Voters of Wisconsin [here](#).
